Professional Profile

First-year Computer Science student at the University of Cyprus (GPA 8.10/10). Strong foundation in C++, Java, and networking (CCNA 1 & 2 completed), with practical leadership as head of university group projects. Bring real front-line customer experience from fast-paced service roles, plus discipline and decision-making under pressure as a national-level fencing referee and Cyprus Champion (Épée). Targeting a summer placement to apply technical thinking to real business problems and build client-ready skills.

Core Skills

- Java (object-oriented programming)
- Networking fundamentals
- CCNA 1
- CCNA 2
- Basic cyber/security awareness
- Understanding of structured problem-solving
- Fluent in Greek
- Fluent in English
- Intermediate in Russian

Career Summary
